

Rick is meeting with the County Commissioners on a regular basis to rebuild & improve the relationship between the library & the county.

Branch Library Updates - Rick has redesigned the "look" of the library web, face book and twitter page.

The Basic Employment Skills Training program (BEST) is in the process of being developed. The program will work closely with the Chamber of Commerce & the Kootenai Job Service. The desired result is to plug the library into every business to expand usage.

Libby: Looking to have mural done above the entrance doors. Mural will pertain to community events & people (Logger's Day, Nordic fest). Monies will be raised separately.

Starting June 1, 2012, the new library hours at Libby will be: 10:00am to 6:00pm Tuesday through Saturday. Tuesday night programming will be moved to Saturday. Staff hours will be 9:00am to 6:00pm.

Troy: Received a free microfilm reader from the State Historical Society.

Eureka: Mural on side of building to be redone. Landscaping plans were created by Esther's son & the work to be completed by the county. B. Kaufmann mentioned that the FOL has a donation of plants for the library.

Annex Building will have laptop stations so patrons can have access to the internet when the library is closed.

Possible plans of expansion of Eureka branch. Neighbor behind library offered her property to the library for expansion. Rick considering purchasing property & wants first right of refusal. Will add to wish list on website.

Personnel: Kate Huntsberger volunteered to be the new board representative at the Tamarack Federation meeting in Big Fork on June 18th & 19th.

Jessie Pate (new hire since April 17, 2012) is doing a good job, has good rapport with patrons and has mastered handling ILL's.

Anna Doyle is currently looking for a new position due to personal reasons. Not sure on when she will be leaving.

K. Huntsberger moved to adjourn the meeting. B. Schweitzer seconded the motion. Motion carried.

Meeting adjourned at 10:33 AM. Next meeting scheduled for July 12, 2012 at 10:00 AM.
